OUR SERVICES

Integrated services, delivered seamlessly

Ecovera provides integrated hard, soft and specialized facilities management solutions tailored to residential, commercial, retail, hospitality, healthcare and industrial environments.

Hard FM

MEP, HVAC, ELV, civil and building fabric maintenance — preventive and corrective.

Soft FM

Cleaning, waste management, pest control, landscaping and laundry services.

Specialized Services

Swimming pool management, security deployment, lifeguard services and technical consultancy.

Asset Management

Facility audits, condition surveys, CAFM implementation, lifecycle planning and reporting.

Community Support

Villa maintenance, DLP management, property inspections and occupancy support services.

Technology-Driven

Digital work orders, asset tracking, KPI dashboards and real-time performance analytics.
